Please list any comments you would like to share about yourself and/or family:

FOSTER FAMILY EXPECTATIONS:

A foster family should attend at least one (1) rescue event or training session a month. Should the family be unable to attend an event they should make every attempt to get their foster dog to the event. Dogs attending adoption events should be clean, well groomed, and wearing rescue bandanas.

A foster family acknowledges that one of their primary goals in fostering is to help the Foster Dog become more adoptable. Foster agrees to work with the Foster Dog on housetraining and crate training, socialization, and to address any other issues which will help to make the Foster Dog more adoptable.

Rarely do we have a rescue dog who bites, however, it could happen. Please sign below to release Wag N Train Terrier Rescue of liability if you or someone would incur a bite while in your foster care.

Signed
