Omaha, NE 68114**

How long does the process take?

The answer depends on the availability of your references, and your location (for home inspection). If your application has been selected for processing, you will receive a response from one of our volunteers within 72 hours (Mon-Fri). Please be patient with our all-volunteer rescue.

Once references have been checked and if all are positive, we will then contact you to arrange for the home inspection. If you live outside our local area, we will make every attempt to find a rescue volunteer in your area to assist us.

The completed home visit report is then submitted to our Board of Directors for review. If approved, you will be notified within 72 hours and we will then arrange a date/time to complete the adoption. In most cities/towns, you have up to 30 days to register your terrier with your local animal control registry/authority.
